

COCOA DE LUXE

Melbourne's Hollie Sweet earns this month's most-coveted item award with its range of gorgeously packaged MarieBelle Aztec Hot Chocolate products. (03) 9421 4408, www.holliesweet.com.

HELL HATH NO FURI ...

... but we have the new Furi sharpener, and are impressed by the ease with which even dinner-party-addled cooks can gain a serious edge on dull blades without danger of coing damage to either self or knife. A must for every kitchen that houses a blade. www.furi.com.au.

JUICY LOOT

Alicia Parker couldn't find any organic orange juice for her son Max, so she decided to make her own. Parker's Organic Orange Juice is now a hit in Sydney, and the distinctive opaque bottles (they protect the juice from light) are now set to appear nationwide. www.parkersorganic.com.au.

PIT STOP

Yeah, we know how to pit them with our hands too, but how can you look at this and not want to rush out and buy an olive pitter? We bought this one at Melbourne's Scullerymade, (03) 9509 4003. *
